

Daily Activities

- Storytime: read with your child and let us know what you read in their scrapbook or on Tapestry. The Oxford Owl website (<https://www.oxfordowl.co.uk/for-home/find-a-book/library-page/>) has some wordless reading books that can be accessed online for free.
- Practise spelling/ writing / recognising your name
- Travel to Tokyo Challenge

Challenges

Of the challenges below, choose two per day, in any order. These should be completed in your home learning scrapbook or uploaded onto Tapestry. You can work independently or with a family member. One point will be awarded for each complete task. Tasks in bold will be awarded two points. Bonus points will be awarded for creativity, effort and presentation.

If you wish to make up additional tasks of your own, bonus points will again be rewarded.

<p>Draw a large spiral on a piece of paper (or get your grown up to help you)</p>  <p>Using your funky fingers and a cotton bud carefully dot around the spiral. Experiment with different patterns to make a designer snail shell. Can you add the body to make it a snail?</p>	<p>Use the number 7 picture to discuss the number seven.</p> 	<p>Read through the Snail and Slug Fact Cards to find out more information on snails. Go into your garden and see if you can find any snails. Remember they like dark, damp spaces. Have a go at holding a snail, remember to be very gentle and to wash your hands after!</p>	<p>Practice your cutting skills by make a spiral dangler.</p>   <p>Where will you put yours? If you want to make it more special decorate your plate first!</p>
<p>Can you make a snail picture or model? Remember the snail needs a body, a shell and two tentacles for its eyes on its head. Can you draw a spiral on its shell? You could do a junk model, use salt dough, make a painting or a collage.</p>  	<p>A rainbow is made up of 7 colours. Can you name any of the colours? Have a go at making your own rainbow. What colours can you see? Use the make a rainbow experiment sheet for instructions and question prompts.</p>	<p>Making spirals</p> <p>The snails have a very impressive shell with a spiral pattern on it. Practise drawing and recognising spirals. Can you take your spiral drawings outside and create large spirals using water and paintbrushes</p>	<p>Sports Day!</p> <p>Last week we would have had our sports day. Have a sports day of your own in your house. Compete in the suggested games, choose as few or as many as you like. You could play for fun or use the point score to decide a winner.</p>
<p>s, a, t, p, i, n.</p> <p>Use the eye spy table to spot words beginning with a certain word- you may need to check the child understands what each picture is first.</p> <p>satpin board game- practise orally segmenting and blending a word.</p> <p>If this is too tricky for your child, focus on hearing the initial sound.</p>	<p>Practise writing your name. Use a different colour for each attempt and write over your previous letter. This should create a rainbow name.</p> 	<p>Watch Numberblocks season 2-episode 2- Seven on BBC iplayer</p> <p>Discuss how number 7 was made. What can they remember from the episode.</p> <p>Using the numberblock sheet, draw the correct amount of food for each numberblock. Eg 1 red apple, 2 oranges, 3 grapes...</p>	<p>Create snail snacks for your lunch.</p> <p>Cover a tortilla wrap in either chocolate spread, peanut butter, jam or any other flavour topping you would like. Tightly roll the tortilla to create a spiral. Cut the tortilla to make your little snail snacks.</p> 

This week's scavenger hunt challenge: how many objects can you find that are blue?
